

Curriculum Vitae

Personal details

Name: Peter Jan Beek
Date of Birth: July 9, 1959
Place of Birth: Delft, the Netherlands
Civil Status: Married
Citizenship: The Netherlands
Address (Work): Department of Human Movement Sciences, Faculty of Behavioural and Movement Sciences, Vrije Universiteit Amsterdam, van der Boechorststraat 7-9, 1081 BT Amsterdam, The Netherlands
Address (Home): Jacob van Lennepkade 57, 1054 ZH Amsterdam, The Netherlands
Telephone: 020-5988532 (Work), 020-6187206 (Home), 06-39659365 (Mobile)
E-mail address: p.j.beek@vu.nl
Webpages: research.vu.nl/en/persons/pj-beek (VU), peterjbeek.com (Personal Webpage)

Education

1971-1977: Atheneum-B, Hugo Grotius Scholengemeenschap, Delft, The Netherlands
1977-1980: Interfaculty of Physical Education, Vrije Universiteit Amsterdam, The Netherlands, BSc, cum laude
1980-1985: Interfaculty of Physical Education, Vrije Universiteit Amsterdam, The Netherlands, MSc, cum laude
1985-1989: Faculty of Human Movement Sciences, Vrije Universiteit Amsterdam, The Netherlands, Ph.D., cum laude

Academic positions

1988-1994: Assistant Professor (University Docent), Department of Psychology, Faculty of Human Movement Sciences, Vrije Universiteit Amsterdam, The Netherlands.
1989-Present: Fellow of the Center for the Ecological Study of Perception and Action, Department of Psychology, University of Connecticut, Storrs, CT, U.S.A.
1994-1998: Associate Professor (University Head Docent), Department of Psychology, Faculty of Human Movement Sciences, Vrije Universiteit Amsterdam, The Netherlands
1998-2015: Full Professor of Coordination Dynamics, Department of Motor Behavior, Faculty of Human Movement Sciences, Vrije Universiteit Amsterdam, The Netherlands
2005-2010: Visiting Professor at the Centre for Sport and Exercise Sciences, John Moores University Liverpool, Liverpool, United Kingdom
2007-2015: Dean of Faculty of Human Movement Sciences, Vrije Universiteit Amsterdam, The Netherlands
2014-2015: Interim Dean of Faculty of Psychology and Education, Vrije Universiteit Amsterdam, The Netherlands
2015-2019: Dean of Faculty of Behavioural and Movement Sciences, Vrije Universiteit Amsterdam, The Netherlands
2015-Present: Professor of Coordination Dynamics, Department of Human Movement Sciences, Faculty of Behavioural and Movement Sciences, Vrije Universiteit Amsterdam, The Netherlands

(Past) Teaching Activities

Graduate and undergraduate courses in: Motor Control and Learning; Coordination Dynamics; Perception and Action; Research Methods; Philosophy and History of Human Movement Sciences.

Research Interests

Motor Control and Learning; Coordination Dynamics; Sports; Rehabilitation.

Professional societies

- International Society for Ecological Psychology (Member)
- Psychonomic Society (The Netherlands Foundation for Scientific Research; Past Member)
- Vereniging voor Bewegingswetenschappen Nederland (Society for Human Movement Sciences the Netherlands, Member, Past Board Member)
- Association for Psychological Science (Member of Integrative Science Initiative Steering Committee, Past Member)

Courses in teaching

- Course on Lecturing, Education Advisory Bureau, Vrije Universiteit Amsterdam, 1996
- Course on Testing and Grading, Education Advisory Bureau, Vrije Universiteit Amsterdam, 1997

Management and leadership courses

- Management of human resources, Looten-De Sonnaville Management Consultants, 1995
- CALL: Community for Authentic Leadership and Learning, Twijnstra & Gudde, 2008-2009

Editorial activities

- Former Editor-in-chief of *Human Movement Science* (1999-2019)
- Former Editorial Board Member of *Ecological Psychology*
- Former Editorial Board Member of *Journal of Motor Behavior*
- Editorial Board Member of *Sensors*
- Editor of *Frontiers in Network Physiology*
- Member of the Scientific Advisory Board of *German Journal of Exercise and Sport Research*

Ad hoc reviewing activities (for peer-reviewed journals)

Acta Psychologica; Advances in Neuroscience; Annals of the New York Academy of Sciences; Behavioral and Brain Sciences; Biological Cybernetics; Biomed Research International; British Journal of Psychology; Clinical Interventions in Aging; Cognitive Psychology; Developmental Psychology; Developmental Science, Disability and Rehabilitation; Ecological Psychology; Educational Research Review; Ergonomics; Experimental Brain Research; European Journal of Pain; Frontiers in Neuroscience; Frontiers in Sports and Active Living; Gait & Posture; Heliyon; IEEE Transactions on Biomedical Engineering; International Journal of Sports Medicine; Journal of Electromyography and Kinesiology; Journal of Experimental Psychology: General; Journal of Experimental Psychology: Human Perception and Performance; Journal of Medical Internet Research; Journal of Motor Learning and Development; Journal of Neurophysiology; Journal of Sport Sciences; Journal of the Royal Society Interface; Medicina; Motor Control; Neuroscience Letters; Perception, Perception and Psychophysics; Perceptual and Motor Skills; Physica D; PLOS Computational Biology; PLOS One; Prosthetics & Orthotics International; Psychology of Sport & Exercise; Sport en Geneeskunde; Research Quarterly for Exercise and Sport; Somatosensory & Motor Research; Scientific Reports (Nature Research); Transactions on Neural Systems and Neuro-rehabilitation Engineering; Sensors.

Ad hoc reviewing activities (for scientific funding institutions)

Austrian Science Fund (FWF); Christian Doppler Forschungsgesellschaft (Austria); Der Wissenschaftsfonds (FWF, Austrian Science Fund); European Science Foundation (ESF); The Fund for Scientific Research (FNRS, Brussels, Belgium); The Health Research Board (Ireland); The International Olympic Committee (Lausanne, Switzerland); The Israel Science Foundation; The Vrije Universiteit Brussel (expert panel for the Research Evaluation ‘Physical education and physiotherapy’); The MacArthur Foundation (USA); The National Science Foundation (USA); The N.A.T.O. and the European Community (European Scientific Foundation, i.c. ESF’s Standing Committee for the Social Sciences SCSS, ‘Marie Curie International Reintegration Grants’ as part of the Human Resources and Mobility component of the European Sixth Framework Programme); The Research Foundation — Flanders (Fonds voor Wetenschappelijk Onderzoek Vlaanderen); Research Grants Council of Hong Kong; The Katholieke Universiteit Leuven; The U.S.-Israel Binational Science Foundation; The Royal Society of Edinburgh; The Netherlands Organization for Scientific Research (Nederlandse Organisatie voor Wetenschappelijk Onderzoek, Royal Irish Academy, Stichting Maatschappij- en Gedragswetenschappen, Stichting Levenswetenschappen, Stichting Technische Wetenschappen, ZonMW); United Arab Emirates University.

In addition, I have written numerous confidential assessments and letters of recommendation for individual scholars, be it for promotion at their own university or job applications elsewhere.

External Funding

- A grant from N.W.O. (The Netherlands Foundation for Scientific Research) for a four-year graduate research project on the coordination of rhythmic movements (1989-1993) — with dr. P. C. W. van Wieringen [k€ 110].
- A grant from N.W.O. (The Netherlands Foundation for Scientific Research) for a four-year graduate research project on polyrhythmic tapping (1992-1996) — with dr. P. C. W. van Wieringen [k€ 110].
- A grant from N.W.O. (The Netherlands Foundation for Scientific Research) for a four-year graduate research project on developmental transitions (1992-1996) — with prof. dr. B. Hopkins [k€ 110].
- A grant from Vrije Universiteit Amsterdam (USF’95) for a two-year post-doctoral research project on the dynamics of brain activity during polyrhythmic tapping (1999-2000) [k€ 80].
- A grant from N.W.O. (The Netherlands Foundation for Scientific Research) for a four-year post-doctoral research project on the stability and flexibility of walking (1996-2000) — with dr. R. C. Wagenaar [k€ 160].
- Principal applicant of a grant from N.W.O. (The Netherlands Foundation for Scientific a four-year research programme on the stability and flexibility of movement (1996-2000), entailing three graduate research projects and one post-doctoral research project — with dr. W. Hulstijn [k€ 500].
- A grant from Vrije Universiteit Amsterdam (USF’96) for a research program on discrete and rhythmic movements (1996-2000), involving three post-doctoral research projects (of four years each) [k€ 480].
- A grant from the K.N.V.B. (The Royal Dutch Soccer Association) for a four-year research project on the perceptual abilities of young soccer players and soccer referees (1996-2000) — with dr. F. C. Bakker [k€ 110].
- A grant from N.W.O. (The Netherlands Foundation for Scientific Research) for a 3D movement registration system (OptoTrak) and a 2D data-projection system (Barco plus Silicon Graphics Onyx) (1997) — with dr. R. C. Wagenaar [k€ 160].
- A grant from N.W.O. (The Netherlands Foundation for Scientific Research) for a four-year graduate research project on the development of dexterity in juggling (1999-2003) [k€ 120].
- A grant from Vrije Universiteit Amsterdam (“Breedtestrategie”) for a four-year graduate research project on the visual regulation of interceptive actions (1999-2003) [k€ 120].

Principal applicant of a grant from Vrije Universiteit Amsterdam ("Breedtestrategie") for a four-year research programme on the visual regulation of interceptive actions (1999-2003) [k€ 500].

A grant from N.W.O. (The Netherlands Foundation for Scientific Research) for a four-year graduate research project on the inertia tensor hypothesis in haptics (2002-2006) — with dr. I. Kingma [k€ 160].

A grant from N.W.O. (The Netherlands Foundation for Scientific Research) for a four-year graduate research project on synchronization in the brain (2002-2006) — with dr. A. Daffertshofer [k€ 160].

A grant from N.W.O. (The Netherlands Foundation for Scientific Research) for a four-year graduate research project on automatization and deautomatization (2002-2006) — with dr. R. R. D. Oudejans [k€ 160].

A grant from N.W.O. (The Netherlands Foundation for Scientific Research) for a four-year graduate research project on the infusion of affect and social context in the perception-action interface (2002-2006) — with prof. dr. G. Semin [k€ 160].

A grant from NOC/NSF (The Netherlands Olympic Committee/Netherlands Sport Federation) for a (BOK) research project to determine the effects of force training on movement coordination in an elite athlete (2003) [k€ 6].

A grant from Research Institute MOVE, Vrije Universiteit Amsterdam (internal competition), for a four-year graduate post-doctoral research project on posturography in a clinical context (2004-2008) [k€ 180].

A grant from N.W.O. (The Netherlands Foundation for Scientific Research) for a four-year graduate research project on dynamic touch and optimal cue theory (2008-2012) — with dr. I. Kingma and prof. dr. J. Smeets [k€ 180].

A grant from Research Institute MOVE, Vrije Universiteit Amsterdam (internal competition), for a four-year graduate research project on the effects of bilateral training on the improvement of arm and hand function in stroke patients (2004-2008) [k€ 180] — with prof. dr. G. Kwakkel and dr. C. E. Peper [k€ 180].

A grant from N.W.O. (The Netherlands Foundation for Scientific Research) for a three-year post-doc research project on the classification of gait patterns (2009-2012) — with dr. A. Daffertshofer [k€ 220].

A grant from ZonMW/N.W.O. (The Netherlands Foundation for Scientific Research) for a research project aimed at developing and testing a novel instrument to support fall prevention in extramural care involving a post-doctoral researcher and two graduate students (2010-2014) — with dr. M. Pijnappels, prof.dr. J. H. van Dieën, dr. P. J. Elders and prof.dr. P. T. A. M. Lips [k€ 669].

A grant from the EU (European Union, Erasmus Mundus program MOVE-Age) for a three-year graduate research project on the relationship between executive function and gait adaptability in older adults ("Watch out! Gait adaptability in older adults with low and high executive function") (2012-2015) — with dr. C. E. Peper and dr. M. Roerdink [k€ 170].

A grant from COMMIT/ (A Public Private Research Community) for a research project called "Sensor driven coaching for healthy living" (2013-2017) — with prof.dr. J. H. van Dieën and Infosys [k€ 240].

A grant from NWO/STW for a research program called "Optimalisatie van voortstuwing door en over het water" (2013-2018) — with prof.dr. H. J. H. Clercx, prof.dr. J. Westerweel and dr. A. J. van Soest [M€ 1,2].

A grant from NWO/TTW for a research program called "Citius Altius Sanius" (2017-2022) — with prof.dr. F. C. T. van der Helm and MSc. D. Bregman [M€ 6,2].

A grant from NWO/NWA for a small project "Moving smarter with XR" (2021-2023) [k€ 95].

Patents

Device for displaying target indications for foot movements to persons with a walking disorder (2009, Inventors: M. Roerdink, P. J. Beek; Assignee: ForceLink BV) US2009246746-A1; EP2106779-A1; JP2009240775-A; NL1035236-C2
